TELEMEDIA VIEWPOINT Openwave Mobility on the rise of video traffic and how to deal with it @MWC19

0

BY GERALDINE O'SULLIVAN ON 4 MARCH 2019 PLATFORMS & TECHNOLOGY, VIDEOS, TELEMEDIA VIEWPOINT

John Giere, president & CEO of Openwave Mobility – an Enea company – runs through the company's research into how video is exploding in use and what this means for operators – and how the company has brought MNO's together into the Mobile Video Industry Council to look at how to deal with video, AR and VR as 5G grows
